

IITS 2025

International Innovative Tech Summit

A letter from IITS2025!

Dear Participants, Teachers, and Esteemed Guests,

On behalf of EDUWEL, we warmly welcome you to the International Innovative Tech Summits (IITS) 2025!

This event marks a significant milestone for those of you who began your journey with the Youth Tech Asia Challenge (YTAC) in February and have now reached this exciting final stage. Your creativity, dedication, and perseverance have brought you here—congratulations on this well-earned achievement!

EDUWEL is proud to be the sole ASEAN collaborator and host for IITS this year—our second time supporting this prestigious summit. With a decade-long legacy in Beijing, IITS has become a cornerstone of tech innovation and education, and we're honoured to bring this experience to our region.

We are also delighted to welcome VIPs, distinguished educators, and representatives from Malaysia's Ministry of Education. Your presence adds tremendous value, and we thank you for supporting the next generation of innovators.

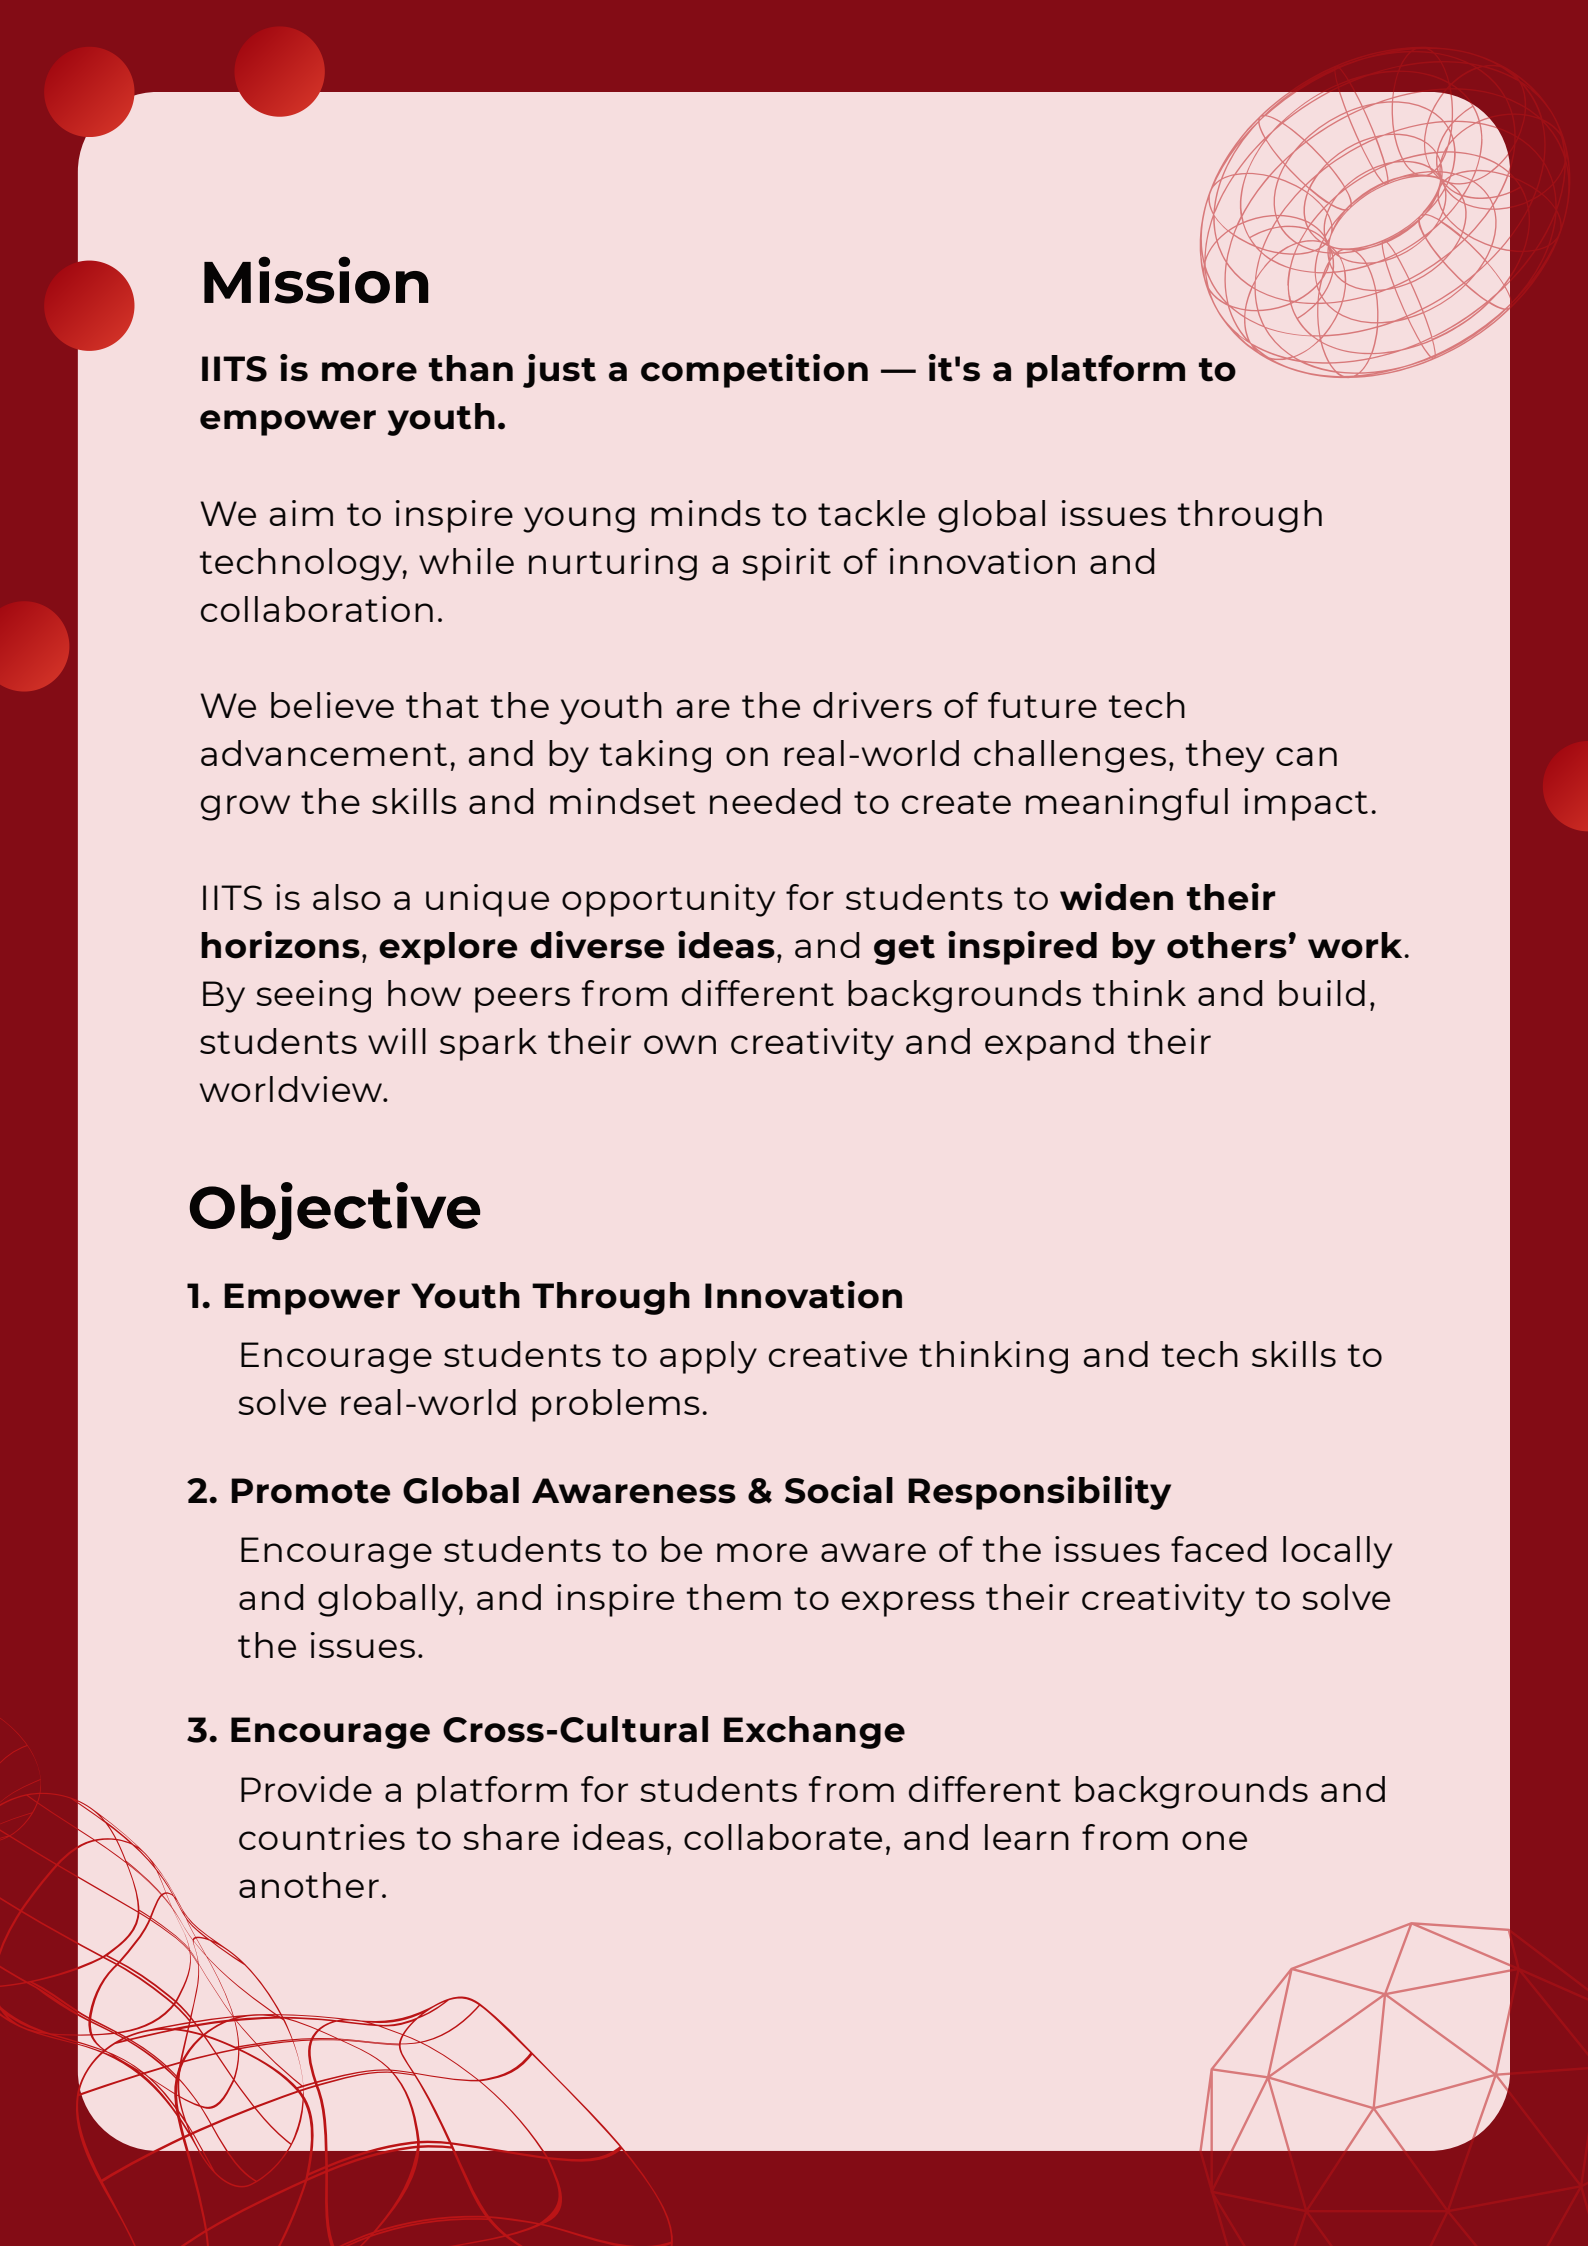

IITS is more than a competition—it's a celebration of your ideas, a platform for creativity, and a space to connect with peers and leaders in the field. We hope this summit inspires you to keep pushing boundaries and striving for excellence.

To those joining IITS for the first time, we extend a special welcome. You are now part of a global legacy of innovation, and we look forward to the impact you will create.

Let's make IITS 2025 an unforgettable experience!

**Warm regards,
Yivonn. Lo
CEO, EDUWEL SDN BHD**

Mission

IITS is more than just a competition — it's a platform to empower youth.

We aim to inspire young minds to tackle global issues through technology, while nurturing a spirit of innovation and collaboration.

We believe that the youth are the drivers of future tech advancement, and by taking on real-world challenges, they can grow the skills and mindset needed to create meaningful impact.

IITS is also a unique opportunity for students to **widen their horizons, explore diverse ideas**, and **get inspired by others' work**. By seeing how peers from different backgrounds think and build, students will spark their own creativity and expand their worldview.

Objective

1. Empower Youth Through Innovation

Encourage students to apply creative thinking and tech skills to solve real-world problems.

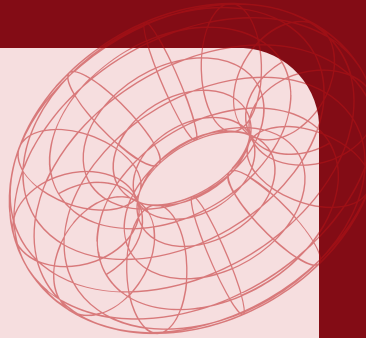

2. Promote Global Awareness & Social Responsibility

Encourage students to be more aware of the issues faced locally and globally, and inspire them to express their creativity to solve the issues.

3. Encourage Cross-Cultural Exchange

Provide a platform for students from different backgrounds and countries to share ideas, collaborate, and learn from one another.

Overview

Event Details

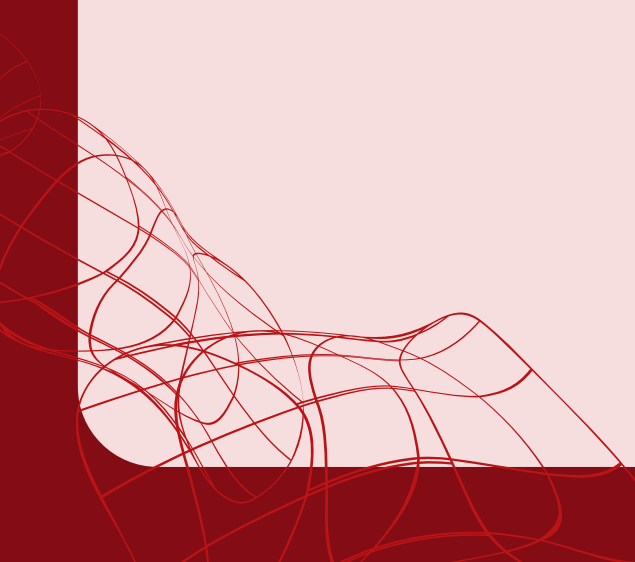

Venue : The China Millennium Monument

Date : Competition: 24 - 26 October 2025
Full Program: 23 - 28 October 2025

Team Requirements

- The competition is open to students from **all countries**.
- All participants age must be **between 7 to 18 years old**
- Each team must consist of **1 to 3 members**.
- Teams can be formed **from the same school or organization, or from different schools**.

Competition Categories

1. **IITS Primary Group: aged 7 - 12** in year 2025
 2. **IITS Secondary Group: aged 13 - 18** in year 2025
 3. **Friendship Challenge: aged 7-21** (Under Special Invitations)
- 
- 

Project Theme

IITS Primary & Secondary Group Challenge

Teams who joined **YTAC 2025** & **ICIA 2025** will be categorized into **IITS Primary Group or Secondary Group** based on the age. Teams may continue with the same project previously submitted. The project must include enhancements—such as upgraded features, improved interface & better functionality.

- **Automation**

[Lifestyle & Security / Health / Transportation / Education]

- **Sustainable Foods Issue**

- **Quality Education Issue**

IITS Friendship Challenge

The **Friendship Challenge** is now open to participants who did not take part in **YTAC 2025** or **ICIA 2025**. Participants are required to develop a new project that is **original, innovative**, and relevant to their selected topic. The project should aim to **deliver a positive social impact**, such as in the areas of education, environment, or accessibility.

- **Automation**

[Lifestyle & Security / Health / Transportation / Education]

- **Sustainable Foods Issue**

- **Quality Education Issue**

Project Requirements

Originality

- All projects must be independently created by the **participants** or **teams**.
- Projects can fall under either the **software** or **hardware** categories and must include **programming content** and a **complete presentation**.

Programming & Technical Requirements

- Projects must be developed using a **programming language**, and participants are free to use any type of programming language or technical tools.
- There are **no limitations** on the technical platforms used, but participants must ensure that the projects are **original**.

Content Restrictions

- Projects must not contain any violent, explicit, political, racial, religious, or any other content that could disrupt social harmony. Any projects **violating this rule** will be **disqualified**.

*****Project Requirements are subject to change***

Project Requirements

Video Recording & Submission

- Add the **video bumper** in before your project showcase video.

Video bumper link:

<https://drive.google.com/drive/folders/1K3Dpo6sPXJEg0v9UkwMS3RzhHvAjSQZ2?usp=sharing>

- Record a video with your teammates showcasing your project. Make sure that **all** of your teammates are involved in the video. (**Max video length = 3 mins without video bumper**)
- For the **video uploader**, please ensure that your **Facebook account** is made **public**.

Here is a step-by-step guide on how to post your video:

- **Step 1:** Write your team name, category, and a small description explaining your project.
- **Step 2:** Add the video to your post.
- **Step 3:** Tag YTAC's Facebook page and these tags to your post:
#IITS2025 #YouthTech #YouthInTech #YTAC2025 #EDUWEL
#TechInnovation #IITSBeijing #2025Beijing #ShengXuanYTAC
- Your team is able to upload the video onto Facebook starting on the **1ST of August 2025**.
- We will finalise the likes on your video on the **22ND of October 2025**. We will not look at the like count after.
- We will only look at **one post per social media platform per group**. Only Facebook, TikTok and Instagram are acceptable.
